

TONY MONDA

<http://www.monda.dev>

I am a New York-based software developer who is looking to be challenged daily. By recognizing details and patterns in larger, conceptual problems, I succeed at producing accessible, smart applications for users.

PRIMARY PROJECTS DEPLOYED

NICHE ReactJS / CSS / Express

Connects to user listening data via Spotify's REST API and analyzes the obscurity/popularity of their top artists and tracks. Designed for mobile responsiveness.

RUBY DUNGEON ReactJS / CSS / Rails / PostgreSQL

Browser-based RPG utilizing React Router for exploration, and a scalable inventory and equipment system via a Ruby on Rails back-end.

WRITE TO CONGRESS JavaScript / CSS / HTML

Find and contact local legislation using endpoints from Google's Civic Information API.

ELEVENTH HOUR ReactJS / NodeJs / Express / MongoDB

Collaborative redesign of a local nonprofit. Git workflow, full CRUD back-end functionality, and fidelity to the UX team's design with reusable components were prioritized.

WORK EXPERIENCE

Bartender

Metropolitan BK

MARCH 2017 - PRESENT

- Developed ongoing rapport with patrons in a crowded, LGBTQ-focused space while navigating multiple drink orders.
- Reacted deftly and calmly to high-stress situations or conflicts with both business and consumer needs in mind, keeping focus on operations and safety.

Counselor

Community Access

OCT 2012 - AUG 2016

- Intake and registration of new clients, as well as timely and accurate documentation of critical information and data collection related to outcomes, research, and other agency-based priorities.
- Formed partnerships with clients and repeat callers utilizing trauma-informed, recovery-oriented support.

Teaching Artist

Socrates Sculpture Park

APRIL 2014 - OCT 2016

- Worked directly with bilingual student groups from local high schools, ensuring retention and clarity of the curriculum.
